

Declaration of Conformity 2023

The Management Board and Supervisory Board of Deutsche Bank Aktiengesellschaft state pursuant to section 161 German Stock Corporation Act (AktG):

1. The last Declaration of Conformity was issued on October 26, 2022. Since then Deutsche Bank Aktiengesellschaft has complied with the recommendations of the “Government Commission on the German Corporate Governance Code” in the version of the Code dated April 28, 2022, published in the Federal Gazette (*Bundesanzeiger*) on June 27, 2022, and will continue to will continue to comply with them in the future, with the exception of the following deviation:

With regard to recommendation G.10 second sentence, according to which long-term variable remuneration components shall be accessible to a Management Board member only after a period of four years.

The compensation system for the Management Board provides that the long-term components of variable compensation vest over a deferral period of five years. As this involves share-based compensation elements, these are subject to an additional holding period of one year after their vesting. With regard to the structure of the deferral period, the Supervisory Board resolved in February 2022 and February 2023 that Management Board members will in future already be able to dispose over a first part after three years and over the last part of the long-term components after six years. The Supervisory Board thus remains within the requirements for financial institutions set out in the Remuneration Ordinance for Institutions (*Institutsvergütungsverordnung*). We do not consider a further tightening of the bank-specific regulatory requirements to be appropriate. We declare a deviation from the recommendation, just like last year, although the Management Board members will not be able to dispose over the first part of the long-term component granted for the 2021 financial year until 2025 and for the 2022 financial year until 2026.

2. The German Corporate Governance Code limits the applicability of the Code’s recommendations to credit institutions and insurance companies to the extent that the recommendations apply to them only insofar as there are no statutory provisions to the contrary. Deutsche Bank Aktiengesellschaft last reported on these statutory regulations and the effects for the Declaration of Conformity in its Corporate Governance Statement in the Annual Report 2022.
